Education

2010-2015 **PhD**, *The University of Texas at Austin*, Electrical and Computer Engineering.

2007–2009 **M.E.**, *Indian Institute of Science, Bangalore*, Electrical and Comm. Engineering.

2003–2007 **B.E.**, *Mumbai University*, Electronics Engineering.

Employment

Since 2017 **Stanford University**, *Stanford*, CA.
Postdoctoral Research Scholar. Hosts: Jose Blanchet and Ramesh Johari.

2017 **Indian Institute of Technology (IIT) Bombay**, *Mumbai*, India.
Visiting Faculty.

2016-2017 **Microsoft Research-INRIA Joint Center**, *Paris*, France.
Postdoctoral Research Scholar. Host: Laurent Massoulie.

2015 **The University of Texas at Austin**, *Austin*, Tx.
Simons Postdoctoral Fellow. Host: Francois Baccelli.

2013 **Nokia Bell Labs**, *Crawford Hill*, NJ.
Research Intern.

2009-2010 **Indian Institute of Technology (IIT) Bombay**, *Mumbai*, India.
Research Fellow.

Research interests

Leveraging tools from machine learning and stochastic processes for decision making in online platforms. Multi-armed bandits, online matching, pricing, reinforcement learning, applied probability.

Recent works

- Bandit learning with positive externalities. V. Shah, R. Johari, J. Blanchet.
  - Accepted at NIPS 2018.
  - Preliminary version presented at ICML Workshop on Causal ML, 2018.
- Adaptive matching algorithms for expert systems with uncertain task types. V. Shah, L. Gulikers, L. Massoulie, M. Vojnovic.
  - Submitted to Operations Research journal. Major Revision.
  - Preliminary version presented at Allerton conference, 2017.
- Optimal testing in the experiment-rich regime. S. Schmit, V. Shah, R. Johari. Submitted. Preliminary version presented at ICML Workshop on Causal ML, 2018.
- Semiparametric dynamic personalized pricing. V. Shah, R. Johari, J. Blanchet. In the works.

Awards

- Best Paper Award, IEEE INFOCOM 2014 at Toronto, Canada. 1650 papers submitted, and 313 papers accepted to the conference.
- MCD Fellowship at The University of Texas at Austin, 2010-11. Awarded to about top 1% applicants at the graduate school.
- Best Paper Award, NCC 2010 at IIT Madras, India. 250 papers submitted, and 105 accepted to conference

Teaching experience

2013 **The University of Texas at Austin**.
Teaching Assistant. Course: Probability and Stochastic Processes.

Languages

- Python, C, Matlab
